

EcoCraft® Clamshells

BY BURROWS™

Optimizing quality and variety. Our stock line of EcoCraft® grease resistant clamshell containers come in a variety of shapes and sizes and were designed for a wide range of food types and markets.

The advantages of EcoCraft® clamshells

PERFORMANCE FEATURES

- **Sturdy:** the Eco-Flute® 50# paper construction provides superior rigidity and crush strength.
- **Insulated:** the corrugate layer helps to keep hot food hot and cold food cold.
- **Food Integrity:** the lightweight Eco-Flute material allows for moisture vapor transmission and resists grease to keep foods fresh and crisp.
- **Steam Release:** select the right level of venting for each food type with multiple articulated vents.
- **Visibility:** windowed clamshells can improve order accuracy.
- **Ease of Use:** easy to store, easy to load and easy to lock.
- **Recyclable:** all clamshells window and non-window. Passes WMU standards for recycling.

Eco-Flute®

EcoCraft clamshells are constructed from Eco-Flute®, a micro-flute technology that utilizes recycled, post-consumer content to provide a sturdy, lightweight package. These containers resist grease and retain heat.

The medium layer of Eco-Flute is 100% post-consumer recycled content (PCR) paper, making the clamshell a minimum of 33% PCR.
