NOVOLEX®

Power Prep™ Wraps and Bags

BY BAGCRAFT®

Made for Grab-n-Go applications. Freshly made food can be wrapped or bagged, frozen, reheated and held under heat at point-of-sale in the this multi-layered, laminated and insulated wrap. It is designed to control moisture and heat in multiple temperature environments to better preserve the quality of your product.

LAMINATED FOR BETTER INSULATION!

Power Prep™ Wraps and Bags

PERFORMANCE FEATURES

- Non-fluorinated oil and grease resistant paper with PET insulated laminate that performs across multiple temperature requirements

- Maintains food quality as product moves from the freezer to thawing and re-heating in store, and, while held under heat

- Lamination is designed with unique anti-curling to allow flat sheeting providing time-savings and efficiency to quickly wrap and freeze product at scale

- More puncture resistant than foil or foil/paper structure
