## Application

### Smooth & Non-Sharp Materials -

- Food without sharp edges
- Grass, rags, smooth heavy objects
- Paper-plates, cups, towels, paper

Use **High Density Polyethylene (HDPE)**

### Rough & Sharp Materials -

- Plastic eating utensils, food with rough edges
- Sticks, rough yard trimmings, or glass
- Metal with sharp edges

Use **Linear Low Density Polyethylene (LLDPE)**

## Recycled Resins

Using the right can liner can help support your sustainability initiatives. Many of our can liners utilize plastic intended for the waste stream through the use of post-industrial or post-consumer recycled resin. Ask your sales representative about can liners we offer that:

- Comply with EPA's Comprehensive Procurement Guidelines, emphasizing commitment to responsible waste management
- Adhere to California state regulatory standards ensuring compatibility with plastic trash bag regulations
- Fulfill new state minimums for Washington and New Jersey PCR inclusion requirements

## FDA Approved Resins

All Food & Utility bags and most virgin resin can liners are manufactured with FDA approved resins that are safe for food contact.
