

# Hinged Lid Containers

Mineral Filled Polypropylene

EarthChoice® MFPP containers provide a versatile, cost-effective solution for takeout, curbside pickup, and delivery, offering sustainability without compromising functionality.

## Made with Less Plastic

These containers are made with 50% less plastic than traditional polypropylene (PP) containers, reducing fossil fuel based material usage.

## Secure Closure

SmartLock® technology delivers an easy, reliable closure that helps prevent messy leaks and spills—so you can feel the click and trust the seal every time.

## Multiple Options

Offered in a range of sizes, configurations, and two operator-preferred color options.

## Handles the Heat

Perfect for to-go staging under heat lamps or a quick microwave reheat at home, thanks to its high heat tolerance.

## Freshness Locked In

Keeps food hot and flavorful by maintaining heat and moisture inside the container.

## Moisture Resistant

Won't soak through—even with hearty, saucy dishes—so your packaging stays strong and mess-free from kitchen to customer.

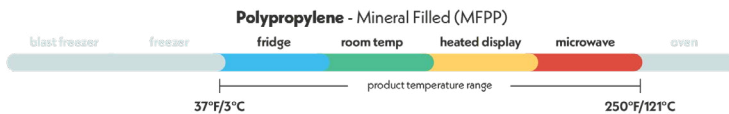

# Mineral Filled Polypropylene Hinged Lid Containers

Using 50% less plastic and equipped with SmartLock® for a leak-resistant seal, these containers offer versatile size and color options and deliver dependable performance under heat lamps or during quick microwave reheats.
