

Pressware[®]

Dual-Ovenable Paperboard Containers & Trays

Pressware is available in a variety of colors and sizes for microwave or oven applications. Pressware contains no intentionally added PFAS.

May 2026

Pressware is microwave and oven safe.

Pressware contains no intentionally added PFAS, making it a compliant option in states that have banned PFAS, while maintaining the strength and performance you are accustomed to.

Versatile

Pressware trays hold a variety of food applications, either hot or cold. They can be stored in the freezer or refrigerator without cracking or denting.

Sustainable Solution

About 85% of every Pressware product is made from trees, a renewable resource, reducing your plastic consumption and helping support your sustainability initiatives.

Fast Customization

Novolex offers reduced lead time and tool cost, relative to other material substrates.

Variety of Sizes

Trays hold food products from family-sized entrées to portion-controlled entrées, side dishes and desserts.

Pressware options to fit your needs

Containers

Pressware containers have multiple closure options: clear OPS dome lids, overwrap, or peelable film. Flanges provide ease-of-handling.

Pizza Trays

Pressware pizza trays allow you to do food prep, baking and serving, all from the same tray.

Peelable film closure

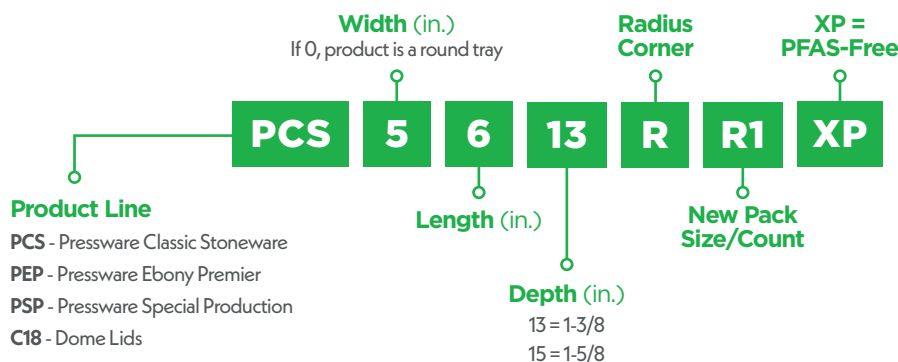

Temperature and Cook Time Guidelines

 400° F	up to 60 minutes
 425° F	up to 30 minutes
 450° F	up to 15 minutes
 530° F	up to 3 minutes

Taxonomy of a Pressware Product Number

Example Code Number: **PCS5613RR1XP**

"Classic Stoneware"

These guidelines are supplied to assist you in determining the proper use of Novolex products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
