

EarthChoice[®] Versa2Go[™] Containers

Polypropylene

These two-piece containers combine crystal-clear lids with sleek matte black bases to elevate food presentation with a modern, upscale look. The clear lids showcase every detail of the meal, while the black bases add a polished, premium style perfect for delivery and display.

Less Plastic, Full Performance

EarthChoice[®] Versa2Go[™] polypropylene (PP) bases use 20% less plastic than Newspring[™] VERSAtainer[®] bases, helping reduce fossil fuel-based material use.

Great for Delivery & To-Go

The leak-resistant seal helps prevent spills and maintain food quality, while securely nesting lids and bases keep containers stable during transport.

Efficient Combo Pack

Allow bases and lids to ship together in smaller pack quantities and takes up less shelf space.

Consumer Convenience

Customers enjoy that these containers easily go from refrigerator to microwave and are top-rack dishwasher safe.

Durable for Everyday Use

Strong polypropylene construction helps maintain container integrity for foodservice, takeout, and delivery applications.

Multiple Size Options

Available in a variety of round and rectangular sizes to support diverse menu applications.

Versa2Go™ Containers

These guidelines are supplied to assist you in determining the proper use of Novolex products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.
