Cutlerease® Dispensing System

Cutlerease® dispensing system delivers cutlery at your fingertips. Improved hygiene, space savings and reduced waste are just a few of the key benefits Cutlerease® provides. Bases are available for one, two or three, mix and match cutlery towers.

October 2026

Cutlerease®

The innovative Cutlerease® dispensing system enhances hygiene and helps reduce the spread of germs by dispensing one piece of cutlery at a time, limiting hand contact and keeping unused items protected, while also supporting better inventory control by preventing overuse and unnecessary waste.

Controlled Dispensing
Automatically releases one piece of cutlery at a time for improved cleanliness and control.

Reduced Waste
Encourages guests to take only what they need, helping minimize excess use.

Sanitary Handling
Handle-first delivery keeps the eating surface protected from contact.

Easy to Load
Easy-to-load design allows for quick, hassle-free refilling.

Low Cutlery Indicator
Built-in indicator lets operators know when cutlery is running low, making it easy to know when it's time to refill.

Cutlerease® Dispensing System and Cutlery

The Cutlerease® dispensing system provides convenient, one-at-a-time cutlery dispensing with easy-to-load refill packs. Choose from fork, spoon and knife towers with flexible base configurations to fit your foodservice setup.

Cutlerease® CLINGZ™

EASY TO APPLY AND REMOVE!

Brand Amplification

Use CLINGZ™ to showcase your logo, colors, and messaging—reinforcing your brand in restaurants, stadiums, arenas, and more.

Built-In Advertising

Dispenser towers double as billboards, turning everyday touchpoints into high-visibility promotional space.

Real-Time Messaging

Keep customers informed with CLINGZ™—perfect for announcing promotions, events, or updates across your space.

CLINGZ™ is an optional enhancement to Cutlerease® dispensing systems, available at an additional cost and subject to minimum order quantities. CLINGZ™ graphics are supplied separately and must be applied to the dispensers by the operator.
