

A LEADER IN PACKAGING CHOICE, INNOVATION AND SUSTAINABILITY

Products that touch nearly every aspect of daily life, offering our customers and millions of their consumers convenience, safety, hygiene and more.

Our Customers

From small family-owned businesses to global enterprises and brands, Novolex® packaging covers it all.

- Restaurants
- Grocery, convenience and retail
- Institutional and entertainment foodservice
- Beverage, produce, dairy and confectionery
- Agriculture and horticulture
- Banking and security
- Construction materials
- Sanitation and janitorial
- Healthcare

SUSTAINABILITY

We choose materials, develop products and apply manufacturing processes that can minimize our impact on the environment. We have committed to reduce greenhouse gas (GHG) emissions 30% by 2030, increase use of recycled content in our products, and design for recycling and composting. Aligned with these strategies, we work to support policy solutions that expand recycling and composting infrastructures.
