The Impact of Custom Drinkware

Strengthen Brand Recognition

Branded cups turn every beverage into a moving advertisement. The more customers see the logo, colors, and design, the more top-of-mind the brand becomes—on-premise and out in the community.

Drive Social Sharing

Custom designs—especially bold, colorful, or seasonal concepts—encourage customers to take photos and share them online. That creates free social reach and authentic buzz.

Promote Campaigns & Stand Out

Cups become mini billboards that highlight LTOs, loyalty programs, seasonal promotions, or co-branded partnerships. It keeps marketing working in guests' hands all day.

novolex

Two Print Technologies, Tailored to Your Needs

Spectrum™

Designed to deliver crisp graphics and eye-catching color, Spectrum™ utilizes **PMS spot colors** for exceptional brand consistency and visual appeal.

Performance Features

- PMS color matching available
- **Up to 6 or 8 spot colors**, depending on item selected
- MOQ and lead times* vary by product—see individual product pages below for details

Envisions™

Envisions™ products support full-color, photo-quality images and graphics, plus line art with **unlimited PMS spot-color emulation**.

Performance Features

- **Unlimited PMS spot colors**
- MOQ and lead times* vary by product—see individual product pages below for details

Lead Time* – Lead time begins after receipt of the purchase order (PO) and all required approvals.

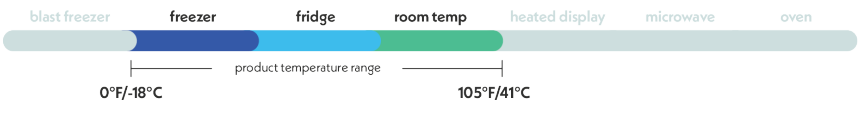

PLA
Custom Drinkware

Made from a resin derived from annually renewable plants, PLA custom drinkware offers a sustainable solution with crystal-clear clarity for showcasing cold beverages. Ideal for cafés, restaurants, events, and grab-and-go applications, these cups provide excellent product visibility while supporting sustainability initiatives. BPI-certified compostable*.

*Commercially compostable only. Facilities may not exist in your area. Not suitable for home composting.

Bio-Plastic - Polylactic Acid (PLA)

Greenware® PLA Cups & Lids

Performance Features

- Made from PLA, a plant-based, annually renewable resin
- BPI-certified compostable*
- Best for cold applications only

Paper
Custom Drinkware

Paper cups and sleeves provide a complete beverage solution for both hot and cold drink applications. From coffee and tea to soft drinks and smoothies, these products deliver dependable performance, customer comfort, and excellent branding opportunities for cafés, restaurants, convenience stores, and on-the-go beverage service.

Paper Cold Cups

Performance Features

- Add personality to every cold beverage with your design and logo
- Double poly coated cups help prevent seeping and reduce condensation
- Pair with flat or dome lids for leak resistant on the go use
