

Packaging a better future through choice, innovation, and sustainability

The combination of Novolex and Pactiv Evergreen brings together two highly complementary businesses that offer a broad product platform, **establishing one of the most diverse substrate offerings in the packaging industry.** Our asset base includes an extensive manufacturing footprint and an expansive distribution network, enhancing our ability to serve customers ranging from large, blue-chip brands to small businesses that serve millions of consumers every day.

We are a leading manufacturer of food, beverage and specialty packaging

- Comprehensive product portfolio of packaging solutions for foodservice, grocery, retail, industrial, and beverage markets
- Manufacturing and sourcing expertise in a diverse range of substrates including resin, paper, molded fiber, and aluminum
- Extensive stock and customized solutions with 120 product categories, 250 brands, and more than 39,000 SKUs
- Global manufacturing footprint and distribution network for strategic sourcing initiatives
- Innovation-driven R&D facilities focused on next-generation packaging solutions, engineering, and manufacturing operations
- Committed to sustainability through the use of renewable or recycled materials; development of products that are recyclable, compostable, or reusable; and reduction of GHG emissions from operations
