EcoCraft® Freezer Paper

MEAT HAS MET ITS MATCH—WITH LESS PAPER AND POLY MATERIAL!

EcoCraft® Freezer Paper is the ideal tool for wrapping meats for freezing and for general purposes. The thick paper gives the product strength and durability as well as an easy-to-write-on surface. The plastic coating provides a barrier to air and moisture to protect the quality, flavor and nutrition of foods during freezing.

FEATURES AND BENEFITS

- Less reliance on non-renewable petroleum based poly resin
- Natural Kraft - 80% recycled sheet with 40% post-consumer fiber content
- Soft and pliable freezer sheet
- Offers an average of 3-6 months protection, feel, and acceptance with operations
- Improved barrier and "Moisture Vapor Transmission Rate" due to natural filler in poly blend
- PFAS-free product

Improved sustainability due to less paper and poly material needed to meet functionality requirements offering an innovative product design
