

Power Prep™ Wrap

BY BAGCRAFT®

A wrap made for Grab-n-Go applications. Freshly made food can be wrapped, frozen, reheated and held under heat at point-of-sale in this multi-layered, laminated and insulated wrap. It is designed to control moisture and heat in multiple temperature environments to better preserve the quality of your product.

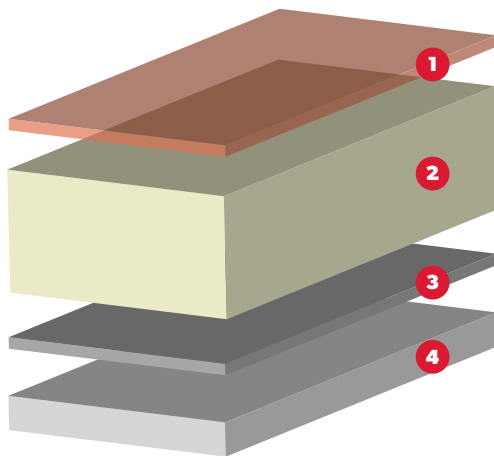

**LAMINATED
FOR BETTER
INSULATION!**

Power Prep™ Wrap

PERFORMANCE FEATURES

- Non-fluorinated oil and grease resistant paper with PET insulated laminate that performs across multiple temperature requirements
- Maintains food quality as product moves from the freezer to thawing and re-heating in store, and, while held under heat
- Lamination is designed with unique anti-curling to allow flat sheeting providing time-savings and efficiency to quickly wrap and freeze product at scale
- More puncture resistant than foil or foil/paper structure
- Alternative to foil and other sandwich packaging options
- Custom print available
- Rolls also available

UNIQUE 4 LAYER STRUCTURE

Specifically designed to control moisture and heat.

- 1 Ink (optional)
- 2 Paper
- 3 Honeycomb pattern adhesive
- 4 PET film

Custom print available

Rolls also available
