Ultra-Post™ Reusable T-Shirt Bags
2.25 mil - minimum 40% post-consumer certified recycled content
Ultra-Post™ Reusable T-Shirt Bags
2.25 mil - minimum 40% post-consumer certified recycled content

Ultra-Post Reusable Features:
• Tough reusable bag that encourages reuse
• Minimum 2.25 mil thick to meet most legislative requirements for reusable bags
• Made from a minimum of 40% post-consumer recycled third party certified material
• Made with pride in the USA from recyclable LDPE or MDPE resin
• Designed to fit on standard front-end racks for easy loading
• Meets EcoLogo ATP-001 standard for legislative areas and is compliant with California Senate Bill 270 standards
• Custom print and size available in truckload quantities – contact your Hilex Poly rep for details
• Due to recycled content, there may be slight variations in color

Legislative Requirement to meet the EcoLogo ATP-001 Standard
• Has a minimum lifetime of 125 uses which, for purposes of this definition, means the capacity of carrying a minimum of 22 pounds 125 times over a distance of at least 175 ft.
• Has a minimum volume of 15 liters
• Is made from a material that can be cleaned or disinfected
• Does not contain lead, cadmium, or any other heavy metal in toxic amounts
• Has printing on the bag, or on a tag that is permanently affixed to the bag, the name of the manufacturer, the country where the bag was manufactured, a statement that the bag does not contain lead, cadmium, or any other heavy metal in toxic amounts, and the percentage of the post-consumer recycled material used, if any
• If made of plastic, is a minimum of at least 2.25 mils thick
