High Recycled Content Thank You T-Shirt Bags

Our Hilex Poly® brand of High Recycled Content T-shirt bags are a convenient, environmentally preferred, and cost efficient way to transport purchases. The bag utilizes 75% high quality recycled content from our internal operations to reduce demand for virgin resin. The integral tab design and patented Quikmate EZ® open feature means fast and convenient bagging, no waste to remove from the rack, and easy restocking.

NOVOLEX™ excels in providing our customers with total bagging solutions that take into account your retail format, store design and check stand configuration. We will recommend dispensing systems that keep bags within reach and the counter free of clutter; mounting hardware that's easy to install. Contact your Novolex representative for more details.
