RollStar™ Bakery Bag System
RollStar™ Bakery Bag System

ROLLSTAR DELIVERS

The RollStar Bakery Bag system is an integrated bag-on-a-roll solution for your bakery department. The innovative dispenser works seamlessly within your bakery merchandizing scheme to allow shoppers to easily dispense one bag at a time. The dispenser is capable of holding small residual rolls securely in place to prevent wasting bags.

The RollStar Bagging System makes it easy for both you and your shoppers to focus on your bakery—not the bagging system.

Contact your sales representative to learn about the multiple dispensing system options available.
